

A 15th century oak finial/pendant, English, circa 1450-80

Sold

REF: 3719

Height: 25.3 cm (10")

Diameter: 12 cm (4.7")

Description

Carved from the solid, of octagonal-faceted baluster form, surmounted by a leafy-quatrefoil and leafy-bud finial.

This item would make an excellent newel-post finial.
